[CITATION] Cost analysis of serpentine **tape** data placement techniques in support ...

AE Dashti, C Shahabi, R Zimmermann - ... of the 10th International Conference on ..., 2000

Cited by 2 - Related articles

Method and system for performing a restoration in a continuous data protection ...

P Saxena, YP Chang, RK Stager - US Patent 7,650,533, 2010 - freepatentsonline.com

... A need therefore exists for a system that combines the advantages of **tape**-based systems with ... ability to aggregate blocks from multiple different physical disks into one or more **virtual** volumes ... For each write to a primary volume, a duplicate write is made, in **sequential order**, to a ...

Optical disk system emulating magnetic **tape** units

RV Keele, CD Mautner, TJ Thorpe, SR ... - US Patent ..., 1995 - Google Patents

... attached processor for receiving CCW **tape** commands, a SCSI board for controlling SCSI optical disk drives, a serial I/O board for controlling jukebox optical disk media handlers for automatically robotically loading and unloading optical disks containing **virtual tape** data into ...

Removable cartridge storage devices and methods

SP Georgis - US Patent App. 11/121,760, 2005 - Google Patents

... System controller may thus be configured to receive and execute **sequential tape** device commands and/or automated ... 4 illustrates a prior art **virtual tape** system; [0026] FIG. ... description, for the purposes of explanation, numerous specific details are set forth in **order** to provide a ...

Housing apparatus for a **tape** recorder and which includes a slidable cassette ...

DY Choi, JK Seo - US Patent 5,461,522, 1995 - Google Patents

... Therefore, the **sequential** operations of loading and **ejecting** the cassette **tape** are smoothly and harmoniously performed without ... J5 Thus, the cassette holder 40 for housing the cassette **tape** is moved by a predetermined distance as much as L within the **virtual** line (see FIG. ...

[All 2 versions](#)Library control of media capacity scaling and library component attributes

KK James, RA James - US Patent 6,031,798, 2000 - Google Patents

... data storage table for tracking the logical and physical volumes is accomplished by the **Virtual** 40 50 ... requiring that the drive 12 communicate as though it were an older "3490" **tape** drive ... and the steps indicated interface type, it is often advantageous to have a **sequential** group of ...
